

Clever Portal

Clever Portal gives students, teachers, and staff a single, secure login for all digital resources (single-sign-on, or SSO). With more time to teach and learn, you'll see higher engagement in the education software you've already invested in. The Clever Portal is free to schools thanks to support from our application partners.

Log in once, access a world of learning

Intentionally designed for teachers

Clever Portal is intuitive for teachers to navigate and quickly access edtech the district has already purchased.

Works everywhere

One username and password unlocks any connection application or device. Clever offers SSO for thousands of resources, while personalized portals show only what's relevant for each user.

Personalized, secure access

Clever uses data directly from your student information system (SIS) to deliver a personalized experience for each user, without extra setup steps. Students easily find resources and immerse themselves in learning.

What you'll get

1

In-depth analytics

Analyze login frequency and engagement—down to the individual school or student—all from one portal. See active minutes per student across thousands of edtech resources, even if those resources are not set up by the district.

2

Custom and collaborative digital classrooms

With shareable Teacher Pages, teachers can personalize digital classrooms by organizing learning apps, links, and PDFs for specific classes.

3

Empower teachers to troubleshoot

Get time back in your day by reducing support calls. Portal troubleshooting tools allow teachers to handle student login issues on the spot.
